# Pre-Medical Summit

The UP PMHS' Pre-Medical Summit is a **two-day interactive conference** aiming to familiarize high school students (Grade 9 to 12) from across the country - allowed by the online setup - **with the various pre-medical courses and how each helps them prepare for their future medical careers.**

To help jumpstart their medical careers, we **invite medical professionals** from different universities to have a panel which directly addresses questions from the participants. In addition to that, **several lecturers from different pre-medical courses will explain the background of their degree program.** There will also be **workshops conducted by esteemed organizations to showcase the course' future career path.** These are done to provide an in-depth understanding of each pre-medical course.

Our Society successfully launched our first Pre-Medical Summit in Metro Manila last 2017 and we have received over 200 participants each year for the past 3 years. Unfortunately, PMS 2020 was cancelled due to the COVID-19 pandemic. Nevertheless, we shall continue the tradition of excellence in pre-medical training by hosting the Pre-Medical Summit 2022 online via Zoom and Facebook Live on **March 19 and 26, 2022.**

Finally, we also **hope to shed light on the current situation of our country's healthcare system** in order to inspire our future doctors to be catalysts for change.
