3RD NATIONAL CONFERENCE ON FOOD, ENVIRONMENT, ENGINEERING, AND TECHNOLOGY CONFERENCE AND 1ST INTERNATIONAL FORUM ON ADDITIVE MANUFACTURING AND ADVANCED MATERIALS (1ST IFAMAM)

To: Assistant Schools Division Superintendent Chiefs of Division, CID and SGOD Education Program Supervisors Public Schools District Supervisors Public and Private School Heads All Others Concerned

- 1. This Office announces the 3rd National Conference on Food, Environment, Engineering, and Technology Conference and 1st International Forum on Additive Manufacturing and Advanced Materials (1st IFAMAM) organized by Bataan Peninsula State University (BPSU) in collaboration with the Philippine Association of Agriculturists, Inc. (PAA)-Tamarind Chapter, to be held on September 15-17, 2021 via zoom.
- 2. The conference with the theme "Sustainable Agriculture through Disruptive Smart Farming Innovation and Technology" will feature paper presentations under the theme: Food, Environment and Climate Change Mitigation, Engineering and Technology, and Industry, Energy and Emerging Engineering Technology and plenary sessions.
- 3. The virtual conference aims to:
 - a. convene researches in presenting their innovations and breakthroughs in the field of research
 - b. showcase the economic potentials of the S&T-based innovations, particularly smart farming technologies, which would lead to food sustainability, and optimum economic and social gains.

Sir:

Greetings of Peace and Goodwill!

We are glad to inform you that the PAA-Central Luzon (Tamarind Chapter), in partnership with Bataan Peninsula State University-Research and Development Office (BPSU-RDO), will conduct the **3rd National Conference on Food, Environment, Engineering, and Technology (3rd NCFEET)** and the **1st International Forum on Additive Manufacturing and Advanced Materials (1st IFAMAM)** on September 15-17, 2021 via Zoom. This conference with the theme "Sustainable Agriculture through Disruptive Smart Farming Innovation and Technology" will feature paper presentations under the themes: Food, Environmental and Climate Change Mitigation, Engineering and Technology, and Industry, Energy and Emerging Engineering Technology, and plenary sessions.

The registration fee will be as follows:

Category	3 rd NCFEET	1 st IFAMAM
Participant/Student	PHP 500	PHP 500/ USD 11
Paper Presenter	PHP 1,000	PHP 5,000/USD 105
Publication Fee	PHP 1,000	PHP 5,000 / USD 105

In this regard, we would like to invite your Teachers to attend our 1st International Forum on Additive Manufacturing and Advanced Materials (1st IFAMAM). The said forum will be beneficial to them as it will equip them with the knowledge on all aspects of additive and 3D printing technology. Attached are pertinent documents for your reference.

We shall highly appreciate your support for this activity. Thank you very much.

Very truly yours,

Subject: 3RD NATIONAL CONFERENCE ON FOOD, ENVIRONMENT,

ENGINEERING, AND TECHNOLOGY (NCFEET)

Date : August 11, 2021

This is to endorse the 3rd National Conference on Food, Environment, Engineering, and Technology (NCFEET) with the theme "Sustainable Agriculture through Disruptive Smart Farming Innovation and Technology" organized by Bataan Peninsula State University (BPSU) in collaboration with the Philippine Association of Agriculturists, Inc. (PAA) - Tamarind Chapter, to be held on September 16-17, 2021 via Zoom.

This virtual conference aims to convene researchers in presenting their innovations and breakthroughs in the field of research, which could be an avenue in exchanging of ideas, building of networks, and collaboration of researches among participants. It also aims to showcase the economic potentials of the S&T-based innovations, particularly smart farming technologies, which would lead to food sustainability, and optimum economic and social gains.

The organizers shall be receiving abstract submissions until August 23, 2021 and deadline of submission of full paper is on September 5, 2021. Presenters and interested participants may register thru the link https://forms.gle/SeJV5Pv21WCx6pabA or they may visit the NCFEET Online Portal via https://sites.google.com/bpsu.edu.ph/ncfeet-2021/home for more information.

Enclosed is the Conference poster and program together with registration and paper submission guidelines, for your ready reference. Your office may contact Ms. Kriziel M. GUIDELINES

- 1. 3rd NCFEET will be a virtual conference due to Covid-19 pandemic.
- 2. Those who are interested to attend as participant only, you may register to this link: NCFEET Online Portal: https://sites.google.com/bpsu.edu.ph/ncfeet-2021/home Registration Form: https://forms.gle/SeJV5Pv21WCx6pabA
- 3. Those who are interested to attend as paper presenter is invited to submit the Abstract of the research for review under the following themes:
- a) Food
- b) Environmental and Climate Change Mitigation
- c) Engineering and Technology
- d) Industry, Energy and Emerging Engineering Technology
- 4. This virtual conference will feature online Paper Presentation.
- Oral presentation will be held in parallel sessions/break-out sessions corresponding with the themes of the conference.
- 6. Before the submission of the abstract, you are required to register online. Click the link below to direct you to the online pre-registration form.
- 7. After registering online, the Abstract must be submitted to the ncfeet2021@gmail.com with the subject Abstract for the 3rd National Conference on Food, Environment & Engineering Technology (3rd NCFEET). All submissions must be written in English language and must be made in Microsoft Word format (.doc/docx) only. File name of the abstract should be: Full Name of the Corresponding Author (Last Name, MI. First Name) Title of the Paper_ Type of Presentation.
- 8. The abstract must not exceed 250 words. When preparing the abstract, the following format should be used:
- Boldface, centered, Times New Roman (at the proposal)
- Author's Name: Provide middle initial of the author(s) and set in upper case, Times New Roman, 12pt., centered
- ORCID No.: can be obtained at www.orcid.org
- Author's position: Affiliation and full address, Times New Roman, 12 pt., italicized, Author's telephone/fax number and email address: Times New Roman, 12pt., centered, italicized
- The body of abstract should be
- An explicit summary of the presentation and includes the introduction, objectives, brief methodology, major results and conclusions.
- Single-spaced in 12 pt, Times New Roman.
- Key words: Provide a maximum of 5 key words immediately after the abstract and it must be in italics form.

GUIDELINES

- 9. Online registration and submission of the Abstract of the paper for Oral Presentation will be on or before August 23, 2021.
- 10. For Paper Presenter, you will receive the Notice of Acceptance from August 27, 2021-August 31, 2021.
- 11. Upon receiving the Notice of Acceptance, the author(s) must submit the full paper from September 1 to September 5, 2021 to the ncfeet2021@gmail.com with the subject Full Paper for the 3rd National Conference on Food, Environment & Engineering Technology. All submissions must be written in English language and must be made in Microsoft Word format (.doc/docx) only. File name of the paper should be: Full Name of the Corresponding Author (Last Name, MI. First Name)_Title of the Paper_Type of Presentation.
- 12. Full paper must not exceed 10 pages and must include introduction, method, results and conclusion. The following format should be used for the
- Boldface, centered, Times New Roman (at the proposal)
- Author's Name: Provide middle initial of the author(s) and set in upper case, Times New Roman, 12pt., centered

The 1st International Forum on Additive Manufacturing and Advanced Materials (IFAMAM 2021) will be hosted by the DR3AM Center, Bataan Peninsula State University on September 15-17, 2021. The forum will be a venue for students, faculty, researchers, scientists, and industry practitioners around the world to present papers on the progress of Additive Manufacturing and Advanced Materials. IFAMAM 2021 is jointly organized by the Bataan Peninsula State University (BPSU) and Philippine Association of Agriculturists (PAA).

Additive Manufacturing, also known as 3D printing, is now ready for industrial applications. The capability of 3D printing to fabricate complex shapes in a quick and economical manner makes it desirable over other conventional

manufacturing methods. On

the other hand, advanced
materials has become very exciting

due to the diverse materials being developed recently. In order to achieve the desired properties of these materials, careful and sophisticated preparation and processing are needed to be employed.

Combining novel methods such as additive

manufacturing and advanced materials with computer modelling and design, materials that are smart and with robust properties could be achieved.
