IMPLEMENTING GUIDELINES ON THE ESTABLISHMENT OF SCHOOL GOVERNANCE COUNCIL (SGC)

I. RATIONALE

The Governance of Basic Education Act of 2001 (RA 9155) emphasizes that every unit in the education bureaucracy is responsible and accountable for continuous improvement of learning outcomes. Through the principle of shared governance, participatory decision-making driven by active engagement of school stakeholders is strengthened.

The Department of Education (DepEd) believes that shared responsibility of school heads, teachers, parents, learners, Local Government Units (LGUs), and the community at large is a core enabler in providing accessible and quality basic education in a safe, healthy, and nurturing learning environment. With School-Based Management (SBM) as the face of shared governance in schools, it embodies a participative approach in decision-making through decentralization, while promoting the rights and well-being of learners in support of the rights-based education (RBE) approach.

RBE creates and supports a conducive learning environment that promotes respect and well-being, where children and learners can exercise their rights and responsibilities in the context of basic education and actively engage and participate in matters concerning them.

Institutionalizing SBM while embracing RBE approach builds and nurtures an effective school that continuously improves, respects, protects, fulfills, and promotes the rights of the learners.

To further strengthen the implementation of SBM, mechanisms that provide schools the opportunity to invite, involve, and influence school stakeholders to partake in making schools more effective are established. The SGC, started as a school initiative, is a forum where internal and external stakeholders convene and collaborate to address school concerns and help improve school performance. It promotes stakeholders' involvement, empowers community members to take ownership of the decisions made, and encourages expansion of existing networks in the schools. The World Bank Group in 2016 has identified the SGC as one of the key elements of the SBM system that is already in place. The study concluded that the role of representatives from SGCs could be expanded to increase awareness among parents

and education stakeholders of the useful role they could play in supporting implementation of the SBM.

To adopt the policy suggestion to institutionalize the SGC and to encourage a stronger partnership among stakeholders that will contribute to a more effective implementation of SBM, these guidelines aim to establish SGC as a structure for shared governance and a feedback mechanism that will provide a venue for parents, learners, teaching and non-teaching staff, community stakeholders, and the school head to work together towards continuously improving learning outcomes, and more broadly, respecting, protecting, fulfilling, and promoting the rights of children and learners in the basic education context.

II. SCOPE OF THE POLICY

This DepEd Order provides the implementing guidelines on the establishment of SGC as well as the structure, composition, membership, roles, and responsibilities of SGC members, among others.

V. **GUIDELINES AND PROCEDURES**

General Purpose of the School Governance Council

The SGC shall function as a structure for shared governance and a feedback mechanism at the school level. However, the SGC shall not manage the school and shall not have a separate and distinct juridical personality apart from the school.

The SGC shall not replace the Parents Teacher Association (PTA), Supreme Pupil/Student Government, School Planning Team (SPT), Alumni Association, Child Protection Committee (CPC), and other existing school committees/associations/organizations. In fact, the SGC shall strengthen the school by synergizing the work of PTA, Supreme Pupil/Student Government, SPT, and Alumni Association, CPC with the efforts of other

committees/associations/organizations in the school through shared governance, shared commitment, and shared accountability.

As a structure for shared governance, the SGC shall be an avenue where the democratic process of consultation with the school's internal and external stakeholders in the decision-making will be observed. As a feedback mechanism, the SGC shall be a feedback link between the school stakeholders (learners, parents, and other school stakeholders) and school management (school head and personnel) on school performance and service quality.

The SGC provides a venue for parents, learners, teaching and non-teaching personnel, internal and external stakeholders, and the school head to work together towards continuously improving learning outcomes and ensuring that children's rights are respected, protected, fulfilled, and promoted in a gender-responsive, non-discriminatory, and inclusive physical and social learning environment. It shall have two major purposes: structure for shared governance and feedback mechanism.

A. Functions of the SGC as a Structure for Shared Governance

The SGC shall:

1. serve as a collective and consultative body for school plans, programs, activities, and strategic directions;
2. serve as the overall coordinating body that will synergize, harmonize, and put together the work of the different school committees, including but not limited to the SPT, School Disaster Risk Reduction Management (DRRM) Committee, Child Protection Committee (CPC), Supreme Pupil Government / Supreme Student Government, Faculty Club, Non-teaching Association, PTA, Alumni Associations, DepEd-recognized teacher organizations, and National Employees Union at school level, among others; and
3. serve as a platform to cultivate the spirit of *bayanihan* among stakeholders to support the school and encourage active participation of the stakeholders in the implementation of DepEd policies and programs, while promoting equal opportunity for all regardless of age, gender, disability, marital status, ethnicity, and religious beliefs.

B. Functions of the SGC as a Feedback Mechanism

The SGC shall:

1. help the school improve and sustain its feedback system by strengthening practices that promote stakeholders' participation;
2. assist the school in ensuring transparency in its operations and performance, specifically school programs and resources management; and
3. recommend ways of improving the quality of basic education services and school performance to the school management and school planning team, and its means of respecting, protecting, fulfilling, and promoting children's rights in the education context.

Specific Functions of the School Governance Council

Given the dual purpose, the SGC shall:

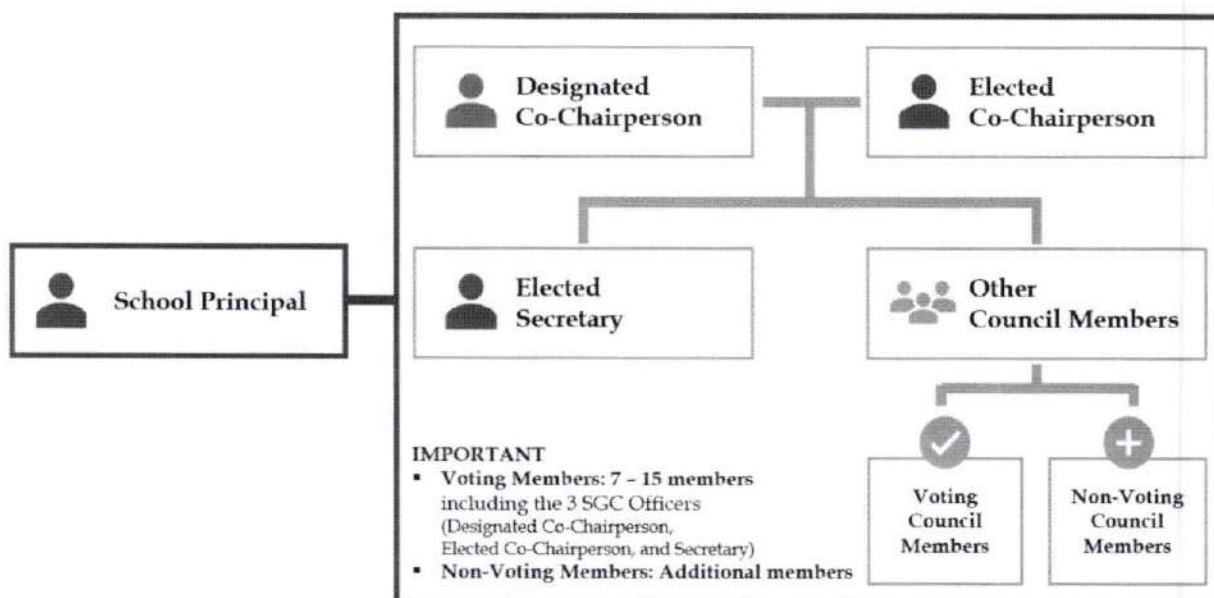

1. participate actively in the formulation and implementation of the SIP and other DepEd programs, projects, and activities;
2. communicate to the SPT and project teams the learners' and stakeholders' feedback and satisfaction on the physical and financial accomplishment of the SIP and Annual Implementation Plans (AIP) and provide recommendations on improving efficiency and quality of the school services;
3. recommend to the school, as well as to the LGU through the Local School Board (LSB) to strengthen support of and relationship with the LGU, relevant local school programs and projects consistent with national policies or needs-based, data-driven, gender-responsive and inclusive interventions affecting learners' rights in education and their welfare;
4. organize meetings, through the School Head, within the school premises or in such places as may be determined by the co-chairpersons for safety or other valid reasons and scheduled at a time convenient for everyone, for purposes of harmonizing proposed and existing programs, projects, and activities initiated, espoused by various committees building partnerships and networks with the Alumni Associations, businesses and industries, donors, retirees, religious groups, CSOs, NGOs, LGUs, PTAs, individual community members, and other external stakeholders via face-to-face or online/virtual platforms;
5. submit SGC semi-annual accomplishment report including an action plan, through and with the approval of the School Head, to Schools Division Superintendent (SDS) and LGUs and integrate it in the SRC;

6. support the dissemination of pertinent school data and information following a sex-disaggregated data using the School Report Card, Transparency Board, WASH In Schools (WinS) Three Star Approach Report, Child-Friendly School System, school-based child protection checklist, reports on learner-led school watching and hazard mapping and on comprehensive school safety, or other communication tools to inform stakeholders;
7. conduct orientation and advocacy activities on the value and benefits of education, complementary roles of parents, community, industry and LGUs in education, and children's rights in education and welfare;
8. attend pertinent school meetings and assemblies in which all sectors are properly represented;
9. prepare a report on any irregularities or violations of these implementing guidelines, and should be filed to the proper disciplining authority;
10. attend and conduct school-level training to help raise awareness of its role for the effective oversight of school planning and resource use;
11. work collaboratively with Child Rights in Education Desk (CREDe), Child Protection Unit (CPU), and other similar DepEd organizations to devise relevant projects, programs, and interventions in upholding the rights of the child in and through the Department;
12. work collaboratively with CPC to come-up with relevant projects, programs, and interventions in support of its function to ensure that in all decisions and actions involving children, the paramount consideration is the best interest of the child, that the views and opinions of children are heard and seriously considered, and that no child is left behind or discriminated against by reason of age, gender, socio-economic background, ethnicity, culture, religion, and disability; and
13. work collaboratively with the SPT to devise relevant programs, projects, and initiatives in fulfilling its role of developing and implementing SIP and AIP.

C. SGC Structure

The basic organizational structure of SGC is composed of the Designated Co-Chairperson, Elected Co-Chairperson, Secretary, and Council Members.

Structure of School Governance Council

The Designated Co-Chairperson shall be a school representative chosen by the School Head, while the Elected Co-Chairperson shall be chosen from the external stakeholders within the council through voting.

D. Composition of SGC Members

There shall be four (4) ex-officio members of the SGC. These ex-officio members shall be composed of the following internal and external school stakeholders: designated Co-Chairperson and representatives from the student government, PTA, and faculty club or its equivalent. The School Head shall designate a school representative, who exhibits the leadership competencies reflected in *Domain 6. Community Linkages and Professional Engagement* of the Philippine Professional Standards for Teachers (DepEd Order 42 s. 2017), to assume the position of Co-Chairperson. Each of the school organizations / associations / committees shall appoint a representative, who may not necessarily be the incumbent president or chairperson of their respective school committee / association / organization, to be the initial council members of the SGC.

In consideration of the varying needs and contexts of schools, the four (4) ex-officio members shall determine the total number of SGC members anywhere from seven (7) to fifteen (15) depending on the school typology. Upon determining the total number of SGC members, the four (4) ex-officio members, through a deliberative and consensus process, shall then select the council members who will complete the composition of the SGC. Additional members may be allowed should the SGC find it necessary based on the context of the school. The additional members shall be decided upon by the SGC collectively. These members shall be composed of heads/presidents/assigned representatives from other school committees/associations/organizations, including school-based Alternative Learning System (ALS) teachers and learners, reputable members of the community, and representatives of community organizations duly recognized by government authorities, such as but not limited to the following: Alumni Association, Education Committee of the Barangay, Non-Government Organizations, Religious Organizations, etc. For schools located in ancestral domains and/or with learners belonging to Indigenous Cultural Communities (ICCs), a community representative duly chosen by the ICC's customary governance structure or chosen through the customary way of determining appropriate cultural representation shall have a slot as a council member.

Moreover, the prospective council members must be trustworthy, willing, or have a sincere desire to become members of the SGC, regardless of position, and driven to support the school and its endeavors toward improving learning outcomes and upholding the rights of the child and learner in the basic education context, by working together with other school internal and external stakeholders.

The School Head shall ensure that all school committees / organizations / associations and the external stakeholders are represented in the SGC and the selection process of the council members is gender-responsive, non-discriminatory, and inclusive. Any form of prejudice and bias in selecting additional SGC members based on race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, national and ethnical origin, or any other characteristic protected by law shall not be tolerated.

The School Head shall not be authorized to represent any of the school committees/associations/organizations in the SGC regardless of the school size. In the case of small schools, the authority of multiple representations of school committees/associations/organizations in the SGC shall only be given to the teachers and other council members.

The SGC is encouraged to expand its membership to strengthen the partnership between the schools and their respective stakeholders and to value the voice of the latter in the determination and recommendation of strategies to make their schools

more effective. However, this shall only be considered once the seven (7) to 15 SGC membership is complete.

In the case of expanded membership, the SGC shall have two types of council members: voting and non-voting council members. The voting council members shall be composed of the seven (7) to fifteen (15), including the four (4) ex-officio members, selected representatives of the school's internal and external committees / organizations / associations. The non-voting council members shall be composed of the (a) former SGC members who wish to extend their membership and have active membership status in the committees / organizations / associations they previously represented in the council, and the (b) additional council members who are collectively selected by the incumbent, voting SGC members.

Following the completion of its membership, the SGC shall elect their officers (co-chairperson and secretary) from its voting council members. H. Procedures on SGC Creation

The schools with existing SGCs shall adopt the new structure provided herein, in the immediate school year following the implementation of this policy. The schools without existing SGCs shall establish their own SGCs accordingly. The following shall be the procedures on SGC creation:

Thus, the election shall be held on or before the sixth week after the opening of classes which can also serve as the first meeting of the council. The call for election shall be made publicly and notice shall be posted in public areas two (2) weeks before the election.

Candidates for these positions shall come from the voting council members. The candidates shall file their candidacy one (1) week before the election through official communication addressed to the school head. The deadline for filing of candidacy shall be three (3) days prior to the conduct of election. The submitted resolution shall be final and executory and shall not be subject to election protest. Additionally, it shall be circulated and posted on the transparency board and other public areas within the school vicinity.

In Indigenous Peoples communities, election processes must be culturally sensitive and responsive to indigenous customary processes or practices that the community representatives may wish to observe. The School Head may determine the appropriate proceedings for the conduct of elections.

J. Tenure

All voting SGC members shall hold office for a maximum of three (3) School Years (SY). Accordingly, all SGC officers (Designated Co-Chairperson, Elected Co-Chairperson, and Secretary) shall serve and assume their positions for three (3) SYs. After their terms as council members and officers, SGC members may continue to be a part of the council and participate in the council's activities as non-voting members to ensure continuity in the implementation of SIP.
