Dear *Ma'am*,

Warm greetings!

As part of the whole-of-government response to the ongoing challenges of high levels of adolescent pregnancies and other reproductive health issues among adolescents, the Provincial Population Office of Bataan is currently intensifying its Adolescent Pregnancy and Prevention Services (APPS@Bataan). This aims to provide adolescents with the necessary knowledge and skills to make informed decisions about their sexual health and help them address critical issues such as adolescent pregnancy.

In this regard, we would like to humbly request from your good office a memorandum be issued to the different schools in the Bataan Province that gives permission for the conduct of Adolescent Pregnancy Prevention and Services (APPS@Bataan) to their learners. This seminar can cover a range of topics, including healthy relationships, adolescent reproductive health, human sexuality, and responsible sexual behavior.

With this convergence, we believe our synergies will soon curb the numbers of unplanned pregnancies among adolescents. Hoping for your positive response on this request. Thank you and more power!

Very truly yours,

ROSSANA P. VERDIDA
Provincial Population Officer
