With the rapid advancements in technology and evolving educational practices, it is essential for educators to stay updated and equipped with the necessary knowledge and skills to prepare students for the challenges of the future.

Objectives:

1. Provide participants with insights into emerging trends, innovative practices, and technological advancements in education.
2. Foster collaboration and knowledge sharing among international educators, enabling participants to gain diverse perspectives and experiences.
3. Facilitate professional development opportunities for teachers and school leaders, empowering them to enhance their teaching methodologies and leadership skills.
4. Promote the integration of future-oriented skills, such as critical thinking, creativity, and digital literacy, into the education system.
5. Offer a platform for networking and establishing connections with educators and education leaders from different parts of the world.
6. Provide free Continuing Professional Development (CPD) points accredited by the Professional Regulation Commission (PRC), which can be used for teachers to renew their PRC licenses.

By attending this program, participants will gain valuable knowledge, expand their networks, and contribute to their continuous professional development.

To ensure the success of this nationwide undertaking, we kindly request the issuance of a DepEd Advisory to inform and encourage our teachers, school principals, and education leaders to actively participate in this international event.
