**INVITATION TO PARTICIPATE IN THE NATIONAL YOUTH SCIENCE,
TECHNOLOGY, AND ENVIRONMENT SUMMER CAMP
(NYSTESC) 2023**

The *Pambansang Kapisanan ng mga Kabataan Samahan ng Agham* (Philippine Society of Youth Science Clubs), Inc. will conduct the **National Youth Science, Technology, and Environment Summer Camp (NYSTESC) 2023**, on **August 25 to 28, 2023**, in Davao Region.

The event aims to heighten the interest and awareness of science clubbers in a specific field of science through lectures and interactive workshops while developing their interpersonal skills through interactions with students from different cultures.

Junior and senior high school students, advisers, teachers, and coaches from the different public and private schools in this region are invited to participate provided that no disruption of classes shall be strictly observed as stipulated in the DepEd Order No. 34, s. 2022, titled School Calendar and Activities for School Year 2022-2023.

Enclosed is the letter of invitation from the organizer and SEC registration for reference and other details.

DR. MAY B. ECLAR
Regional Director, DepEd Region III

Dear Dr. Eclar,

Greetings from the Science Clubbing Movement!

The Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (Philippine Society of Youth Science Clubs), Inc. is a country-wide organization committed to upholding the significance of science clubbing and in promoting public understanding of science, technology and environment. In a span of 52 years, the PSYSC has conducted positive, practical, and realistic activities and programs for elementary and high school students which enhance their academic perspective and their environmental and social awareness.

In this regard, PSYSC will be once again spearheading NYSTESC 2023 with the theme being **Fulgeum: Restoring the Order of the Fractured Lattice** which is scheduled on **August 25 to 28 in Davao Region**. For this year, we will be focusing on **Materials Science and Engineering**, the discipline anchored on the understanding of materials and its applications to solve real-life problems.

We are humbly requesting your office's assistance for the said event by issuing a **memorandum**, if possible, or a **regional advisory** endorsing and with utmost dissemination of our events to our secondary schools in the region.

Attached here in this email is the letter of our request, a sample draft of the advisory, invitation letter for the schools and the event guidelines. Further details of our event can be found through our Facebook [official page](#) or [event page](#). If it happens that you or other interested schools have further questions, please do not hesitate to direct their concerns to us through email (nystesc2023@gmail.com) or send us a message at 09156789408.

We are hoping for your most positive response.
