SCHOOLS DIVISION OFFICE OF BATAAN

OCT 20 2023

DIVISION ADVISORY

No. 222, s. 2023

To: Assistant Schools Division Superintendent
Education Program Supervisors
Public Schools District Supervisors
Elementary and Secondary School Principals
All Others Concerned

This Office informs all concerned that the Wandering Minds will conduct co-curricular activity and will offer community outreach programs, providing students with an opportunity to engage in science activities beyond the school setting.

Further, all schools are reminded to strict adherence to the ***no disruption of classes policy*** as stipulated in DepEd Order No. 9, s. 2005, and the ***no collection policy*** as stated in Section 3 of Republic Act No. 546.

Attached is the Division Advisory No. 062, s. 2023 dated April 24, 2023, for information and reference.

CAROLINA S. VIOLETA, EdD, CESO VI

 Schools Division Superintendent

WILLIAM RODERICK R. FALLORIN
Assistant Schools Division Superintendent

In compliance with DepEd Order No. 8 s. 2013, this Division Advisory is issued not for endorsement, per D.O. 28 s. 2001 only for the information of DepEd Officials, personnel as well as the concerned public.

WANDERING MINDS INTERACTIVE SCIENCE MOBILE EXHIBIT

Dear _____:

I hope this letter finds you well. We are writing to introduce an exciting and educational opportunity that could greatly benefit your students. As a passionate advocate for science education, I am delighted to present our proposal for a captivating Science Mobile Exhibit featuring our **Ultimate 3D Science Experience Set** and **Sky Dome Mobile Planetarium Experience Set**.

Our Science Mobile Exhibit aims to ignite curiosity and inspire young minds through interactive and immersive activities that make learning science a thrilling adventure. The exhibit is designed to provide students with hands-on experiences that will enhance their understanding and appreciation of important scientific concepts.

Type of Activity	Inclusions
The Ultimate 3D Science Experience is an innovative and comprehensive program that provides an immersive and engaging learning opportunity for students of all ages. With a Chroma Key Workshop, over 20 science manipulative exhibits, a 3D movie experience, a telescope lecture, and object viewing, students can explore the worlds of special effects, physics, biology, chemistry, astronomy, and more. Through hands-on experimentation and exploration, students can develop their critical thinking, problem-solving, and creativity skills while having fun and discovering the world around them. The program is designed to promote curiosity and excitement for science and provide a unique perspective on science and nature. With expert guidance and state-of-the-art equipment, students can have an unforgettable and meaningful learning experience that can inspire them to pursue science and related fields.	<ul style="list-style-type: none">• Chroma Key Workshop /Green Screen• Over 20+ science manipulative exhibits• 3D Movie in Digital Surround Sound using 3D eyeglasses• Telescope lecture and object viewing
Type of Activity	Inclusions
Sky Dome Mobile Planetarium Experience offers a unique opportunity to explore the wonders of the universe within the comfort of your own school. Our portable planetarium is equipped with a state-of-the-art projector and audio system that enable an immersive and realistic portrayal of the night sky, complete with stars, planets, and other celestial objects.	<ul style="list-style-type: none">• Over 20+ science manipulative exhibits• Planetarium and

Our team of knowledgeable educators will guide participants through a variety of interactive and engaging activities, including virtual space missions, planetarium shows, and Q&A sessions. The experience is tailored to meet the specific needs and interests of your students, and is suitable for all levels, from elementary to high school.	Astronomy Experience <ul style="list-style-type: none"> • Climate Change Education • Telescope lecture and object viewing (bonus activity)
--	---

Our team of experienced lecturers and staff are dedicated to delivering exceptional content that aligns with your school's educational goals and values. We will provide comprehensive support throughout the planning and execution of the exhibit to ensure a seamless and successful event.

We believe that investing in scientific education is essential for preparing students for a future where critical thinking and problem-solving skills are paramount. Through our Science Mobile Exhibit, we aim to contribute to your school's mission of nurturing well-rounded, curious, and informed individuals.

We hope that we can discuss this proposal further and explore how our Science Mobile Exhibit can add value to your school. Thank you for considering this exciting endeavor, and we look forward to the possibility of collaborating with your esteemed institution.

Please find attached our detailed proposal for your review. Should you have any questions or require additional information, feel free to contact me at the mobile number below.

PRICE:

Published Rate: Php 250.00 per set/ Php 500 both sets

School Rate:

Php _____ -Ultimate 3D Science Experience Set
 Php _____ -Sky Dome Mobile Planetarium Experience Set
 Php _____ - both sets

DURATION

The program runs for approximately 2 hours per batch.

VENUE NEEDED: Ultimate 3D Science Experience Set

1. One (1) well-ventilated classroom good for 80-100 students.
2. One (1) well-ventilated classroom or Audio-Visual Room good for 80-100 students, we will provide a silver screen, 3d projector and 3d glasses.
3. Electrical outlets with ample power supply

Sky Dome Mobile Planetarium Experience Set

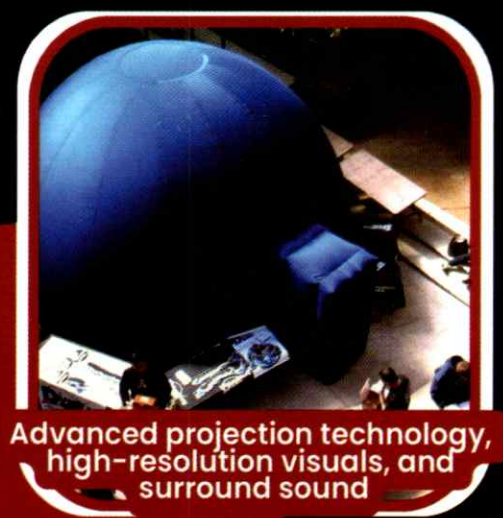

1. Sky Dome - One covered court/ covered spaces. The dome is 7M in size.
1. One (1) well-ventilated classroom for Climate Change manipulative exhibits- Dark room
1. One (1) well-ventilated classroom for Science manipulative exhibits
1. Electrical outlets with ample power supply (to be determined)

TARGET PARTICIPANTS

We provided a program suitable for all levels: Preschool to Senior High School. We also cater College students.
