Subject: SICK AID

Date: September 20, 2023

One of our active BPSTEABATAAN members, **Sir Leonardo M. Apales**, of E. C. Bernabe National High School. Sir Apales has been diagnosed with a painful blockage due to kidney stones, and medical professionals have recommended immediate laser lithotripsy as the most effective treatment.

Unfortunately, the cost of this procedure is substantial, and Sir Leonardo is struggling to cover the expenses. I understand that budgets can be tight, but I sincerely hope we can find a way to come together in our association to help Mr. Leonardo M. Apales access the medical care he urgently need. Any support or guidance you can provide in this matter would be greatly appreciated.

We kindly request your approval for financial aid to help alleviate the financial burden that Sir Leonardo M. Apales is currently facing. This assistance would go a long way in covering his medical bills, and ongoing treatment. We understand the importance of adhering to the procedures and criteria for granting financial aid. We have attached all relevant medical documentation, including medical abstract to support our request and demonstrate the severity of his condition.

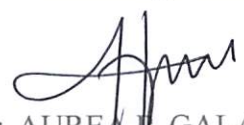

Your approval of financial aid would not only provide relief to Sir Leonardo M. Apales, but also demonstrate the compassion and support that E. C. Bernabe National High School of Bagac extends to its dedicated educators during times of need.

We are ready to provide any additional information or documentation that you may require facilitating this process. Please feel free to contact me at 09499970853 if you have any questions or need further details.

Thank you for your attention to this request, and we look forward to a positive response that will greatly assist Sir Apales during this challenging period.

It's good to be blessed and it's better to be a blessing. -Jerry Smith

With heartfelt gratitude,

Dr. AUREA P. GALABOC
BPSTEABATAAN President

Dear Ma'am,

Good day Ma'am!

I hope this letter finds you well. I, **LEONARDO M. APALES**, of E. C. Bernabe National High School would like to ask any financial assistance that our association may offer. Last July 10, 2023, I was diagnosed with blockage of kidney stones on my ureter that affects my physiological and psychological capacity and duty as a teacher as well. It really pains me a lot. The doctor recommended that I need an immediate surgery to avoid other complications since my kidney is already swelling. He suggested that I need to undergo the procedure called "Lazer Lithotripsy which cost over 100 thousand. This procedure will pulverize the stones as He explained. Last July 19, 2023, I underwent the procedure in Pampanga and it was successful. The thing that bothers me a lot right now is the financial aspect since the situation and diagnosis happened promptly and we are not financially ready.

I would be very much appreciate your help in any way you can.

Thank you for taking time to consider my situation.

God Bless Ma'am!

Sincerely,

L. Aपाल
