HWPL, headquartered in Seoul, South Korea, operates globally with 170 branches, including Philippines. Our mission is rooted in practical action for peace. This historic event emphasized the importance of resolving religious conflicts for lasting peace.

A core program of HWPL is Peace Education which aims to cultivate youths into peace makers, peace ambassadors through education. Peace Education is not just a program; it is a transformative journey empowering young minds to become catalysts for positive change. Additionally, there will be a presentation on the best practices in Peace Education Implementation for Research and Development.

Your presence at this enlightening event would be an invaluable contribution to promoting dialogue, understanding and peace. In line with this, we are humbly requesting to endorse this event to schools under your division. EVENT BACKGROUND

In January 2023, the Volunteer Individuals for Peace (VIP), a local partner of HWPL, hosted the 1st National Peace Convention in the Philippines. This historic event brought together diverse groups, including Lawmakers/Policy-Makers, Academia, Religious and Cultural Leaders, Media Professionals, Youth, and Women, who collectively drafted and adopted several "Peace Manifestos."

The key highlights of the convention included:

- Urging the President to declare January 24 as Peace Day
- Urging the President to support the Declaration of Peace and Cessation of War (DPCW)
- Institutionalizing the participation and cooperation of the education sector, members of the religious, interfaith, and intercultural sectors for peace and national unity

Following the convention, HWPL and its partners continued their peace efforts, resulting in significant achievements:

1. Legislation of Peace through the DPCW: HWPL together with the Lawmakers and Policy-makers Sub-group adopted several resolutions supporting the DPCW. These resolutions include (4) Municipal Resolutions, (4) City Resolutions, 1 Provincial Resolution, and most recently, BARMM's regional resolution. The DPCW is now on its way to gaining National Support from the President. Additionally, BARMM passed a resolution institutionalizing January 24 as "Peace Day" in the region, ensuring that the 4.4 million Bangsamoro people commemorate Peace Day annually in alignment with the Bangsamoro Foundation Day.
2. Raising Peace Messengers through Education: HWPL together with the Education Sub-group developed 12 peace education lesson exemplars, currently being contextualized for greater impact. Recent developments include presenting contextualized peace education lessons in Social Studies and Values Education to BARMM's Ministry of Basic, Higher, and Technical Education during the 1st Bangsamoro Peace Education Summit Conference (Jan. 29, 2024). The establishment of HWPL Peace Clubs, including the first club at Signal Village National High School, Taguig City, further promotes peace activities. Moreover, 18 peace monuments across the Philippines, inside and outside schools, symbolize the expanding peace movement in the country.
3. Religious and Cultural Harmony: HWPL together with the Religious and Cultural Sub-group launched the Religious Peace Academy, an online platform facilitating the study of different Scriptures for greater understanding, tolerance, peace, and harmony.

Building on these achievements, the 2nd National Peace Convention will highlight the progress made since the 1st convention and further emphasize the importance of peacebuilding efforts in the Philippines and beyond.
