VISION ADVISORY
 Vol. 31, No. 1

The purpose of this advisory is to provide information regarding the implementation of the new Illinois State Board of Education (ISBE) standards for students with disabilities. This advisory is intended to provide information to school administrators, teachers, and parents regarding the new standards and the process of implementation. The new standards are designed to ensure that all students, including students with disabilities, have access to a high-quality education. The standards are based on the Illinois State Board of Education's (ISBE) commitment to excellence in education and the belief that all students can succeed. The new standards are designed to be challenging and to provide a clear path for student achievement. The standards are organized into three main areas: academic achievement, social-emotional learning, and career and college readiness. The standards are designed to be flexible and to allow for individualization of instruction. The standards are also designed to be measurable and to provide a clear path for student achievement. The standards are designed to be challenging and to provide a clear path for student achievement. The standards are also designed to be measurable and to provide a clear path for student achievement.
