Dear Dr. Carolina S. Violeta,

We are writing to express our interest in collaborating with the Schools Division Office of Bataan to provide Career Guidance to Senior High School students across Bataan. Our team of experts will provide insights into the aviation industry, career opportunities, and the skills required to succeed.

As part of our offerings, we would like to introduce our 2-year courses in Aircraft Mechanic Technician and Aviation Electronics Technology. These programs are designed to equip students with industry-specific skills and knowledge, enhancing their employability in the aviation sector.

We believe that our programs align with the Department of Education's (DepEd) guidelines on Senior High School Career Guidance Program. Our goal is to support students in making informed decisions about their career paths, considering factors such as personality, job opportunities, and interest.

We look forward to the opportunity to discuss this proposal in further detail and explore ways to collaborate with your office.

Thank you for considering our request.

Sincerely,

Queenie Llamas
