Public Schools District Supervisors  
Elementary/Secondary School Heads  
District and School ICT Coordinators  
All Others Concerned

1. This Office announces the conduct of Adoption Capability Building Program for Teachers of DepEd Computerization Program (DCP) Recipient-Schools on a date and venue to be announced later.
2. Objectives of this activity are the following:
  - a. **Efficiency Improvement:** Teachers and related teaching will learn to streamline routine tasks through automation, significantly reducing paperwork and manual efforts. By simplifying these administrative burdens, educators can focus more on teaching and less on clerical tasks, contributing to a more agile and efficient learning environment.
  - b. **Data Management Enhancement:** Through training on cloud storage and organization, teachers and related teaching will improve their ability to manage data effectively. Proper data handling not only supports more accurate reporting but also aids in informed decision-making, ensuring that resources are allocated efficiently and that teaching strategies are data driven. This comprehensive approach will empower all educational leaders to utilize data for enhancing school operations and student outcomes.
  - c. **Technology Integration:** A key component of the program for teachers and related teaching knows how to integrate technology into their daily operations. By training on various cloud applications and systems, all staff members will become adept at using the tools most relevant to their roles, fostering a workforce that is well-versed in modern technological solutions. This comprehensive training ensures that everyone, from teachers to school leaders, can effectively utilize technology to enhance their work processes and improve the overall educational experience.
  - d. **Resource Optimization:** The training focuses on optimizing resources by reducing redundant tasks and minimizing errors through technology. This

frees up time for teachers and teaching related to engage in strategic activities, improving the educational experience for students. By leveraging technology, all staff can enhance educational outcomes and ensure efficient school operations.

- e. Capacity Building: The initiative aims to help teachers and related teaching adapt to rapid technological changes. By learning Microsoft 365 applications, all staff will be better prepared to use new tools, enhance their professional development, and become more resilient to changes in education.
- f. User Empowerment: The training aims to empower educators, principals, and supervisors to confidently use cloud applications in their work. This will foster a culture that values technology, boosting productivity and teaching effectiveness throughout the school.

3. Participants to this training are the following:

Teacher and School Head Participants (1 School ICT Coordinator per school, 1 District ICT Teacher Coordinator and 1 District School Head Coordinator)	264	ITO	1
