Dear **Ms. Violeta**:

Greetings from the Department of Information and Communications Technology – Region 3!

Under the 2016 IRR of R.A. No. 10844, otherwise known as the DICT Act of 2015, one of the functions of the DICT is to enhance the public-private partnership in the field of information sharing involving cyber-attacks, threats, and vulnerabilities, and to coordinate in the preparation of appropriate and effective measures to prevent and suppress cybercrime as provided in the Cybercrime Prevention Act of 2012.

Relative to this and in compliance with Executive Order No. 58, s. 2024 and the National Cybersecurity Plan 2023–2028, our office would like to request your support in the conduct of the **Cybersecurity Advocacy and Awareness Program** in selected Elementary and/or Secondary Schools within the **Municipality of Bagac on March 19, 2025** and **Pilar on April 30, 2025**, from **1:00 PM to 3:00 PM** via video conferencing platform.

The objective of the Cybersecurity Advocacy and Awareness Program is to raise everyone's awareness of the importance of cybersecurity and help educate, empower, and protect individuals in cyberspace. This initiative is intended to supplement and support the ICT-related subjects that students are currently taking. We believe that this program will provide valuable real-world context and practical application to their classroom learning.

For further information, your designated coordinator may contact our Cyber Focal, **Carisma B. Gutierrez**, at [carisma.boquiren@dict.gov.ph](mailto:carisma.boquiren@dict.gov.ph).
