OPENING OF SCHOOL YEAR (OSY) 2025-2026 GREETINGS

Education is the most powerful weapon which you can use to change the world.”

These words from Nelson Mandela remind us of the boundless impact of education—not only on our learners but on the society we all strive to improve.

As another chapter in our schools unfolds, it is with immense pride and heartfelt joy that I welcome our dear learners, teachers, non-teaching personnel, school leaders, parents, and stakeholders to the official opening of School Year 2025–2026 this June 16, 2025.

Let us embrace the profound power that education holds—the power to open doors, uplift lives, and transform the world.

As we serve and contribute to our schools, may we unite in the shared mission of improving the lives of our learners and becoming instruments of national progress.

To our dearest learners—your participation in this journey is a promise. A promise to yourself, your dreams, and your future. Every book you read, every lesson you master, and every challenge you overcome brings you closer to your aspirations.

To our school heads and education leaders, my sincerest commendation for your steady hands and strong vision. Your leadership ensures that our schools remain safe, inclusive, and empowering environments where both students and teachers can thrive and achieve excellence.

To our parents, guardians, and stakeholders—you are the pillars who help sustain nurturing learning environments. The Schools Division of Bataan deeply values your unwavering support. Truly, education is not the work of one, but of everyone.

Let us move forward with renewed hope and shared purpose, always considering the needs and well-being of our learners.

On behalf of the Department of Education – Schools Division of Bataan, I officially welcome everyone to School Year 2025–2026. May this year be filled with growth, inspiration, and meaningful learning for every Bataño learner.

Muli, isang marangal at makabuluhang pagbati sa inyong lahat.
Maligayang pagsisimula ng bagong Taong Panuruan!
