**INVITATION TO PARTICIPATE IN THE LEARNING THRU EXPERIENCE (LTE)
FOR SCHOOL YEAR 2026-2027**

The LTE Team announces the conduct of its **Learning Thru Experience (LTE)** program for School Year 2026-2027. Dedicated to providing quality educational activities aligned with the Department of Education K-12 Program, LTE aims to produce prolific, responsible, and competent citizens with skills for both lifelong learning and employment. The program gives students an exciting way to explore the world of science inside the safety of the school campus, with lectures and activities that are flexible depending on the grade level or academic strand of the students.

The program covers four (4) main activities: **Jungle Survival, Interactive Tech Manipulatives, Domestic and Exotic Animal Encounter, and Wall Panel Film Showing.** These activities combine hands-on demonstrations, interactive technology, animal encounters, and media-based learning to deliver an engaging and well-rounded educational experience. For the full description of each activity, please refer to the attached letter.

Participation of learners and teachers from public and private schools shall be purely voluntary and will not hamper instructional time in compliance with the provisions of DepEd Order (DO) No. 009, s. 2005, titled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*, and the policy on off-campus activities stated in DO 66, s. 2017. This is also subject to the no-collection policy under Section 3 of Republic Act No. 5546, also known as the Ganson Law, issued in DO 19, s. 2008, and reiterated in DepEd Memorandum No. 041, s. 2024.

To: **TOLENTINO G. AQUINO, CESO III**
Regional Director Deped Region III
Maimpis City of San Fernando Pampanga

Dear Dr. Aquino,

Greetings!

We, the LTE Team is dedicated to give quality educational activities in line with the Department of Education K-12 Program that aims to produce prolific, responsible and competent citizens with skills for both lifelong learning and employment. Our program, "Learning Thru Experience or LTE" gives students an exciting way to explore the world of science *inside the safety of the school campus*. Our lectures and activities are highly flexible depending on the grade level or academic strand of the students. Primary topics are as follows:

Jungle Survival (30 Minutes)

This lecture and demonstration, teach students the basic "know how" when it comes to survival.

Interactive Tech Manipulatives (30 Minutes)

An interactive and engaging showcase of technology that helps students understand the basic concepts of science.

Domestic and Exotic Animal Encounter (30 Minutes)

This encounter with our amazing animals will help break the stigma of keeping only conventional pets and that all exotic animals are to be feared. It will also give the students deeper understanding of each specie diverse.

Wall Panel Film Showing (15 Minutes)

Educational short film will be presented focusing on the effects of excessive screen time and gadget use on children and teenagers. The film highlights physical, mental, and social impacts such as eye strain, lack of sleep, reduced physical activity, and decreased social interaction. After the film showing, a short interactive discussion will be facilitated by a lecturer from the LTE team. Students will be encouraged to share their thoughts and experiences, followed by guidance on the proper and responsible use of gadgets such as computers, tablets, and mobile phones.

It is our company's goal to bring closer to community where students, kids and entire family can have an enriching educational experience through this Learning Thru Experience (LTE).

Should you have any inquiries please feel free to contact this number 0931 057 2360.

Thank you and God Bless Always.

Sincerely,

MATT C. BUMANLAG
LTE Head
