Subject: Request for Participation of Student Organizations in the "Green Canopy Program"

Dear Dr. Violeta,

Greetings of service!

The Local Youth Development Office (LYDO) of Abucay, in partnership with the Municipal Agricultural Office (MAO), MENRO, and the Municipal Tourism Office, is launching the **"Green Canopy Program"** on **July 18, 2026**.

This initiative aims to transform the Catmon Road corridor—a vital artery connecting our town to provincial offices and a popular destination for our local fitness enthusiasts—into a shaded, aesthetic, and sustainable green fitness trail. We plan to achieve this through a youth-led planting activity focusing on Fire Trees and Golden Showers.

Recognizing the crucial role of our students in environmental stewardship and community development, we would like to formally request your permission to invite students, particularly those belonging to **environmental clubs, leadership councils, and other recognized student organizations** within the Municipality of Abucay, to participate as volunteers for this program.

We believe that this activity provides an excellent experiential learning opportunity for our students to:

- Apply environmental concepts in a real-world setting.
- Foster a sense of responsibility for public infrastructure.
- Engage in meaningful volunteer work that contributes to the beautification and health of our community.

Rest assured that the LYDO will ensure that all activities are conducted with the highest regard for student safety, and we will coordinate closely with the respective school heads regarding the necessary waivers and logistics to minimize any disruption to academic schedules.

We are eager to collaborate with the Schools Division Office to instill a culture of service and environmental consciousness in our youth. We hope for your favorable response to this request.

Respectfully yours,

NERISSA P. VERONA
